TERMS OF SALE—Cash with order, except to persons who satisfy us as to their responsibility. Remittances may be made by Bank Draft, Postal or Express Money Order or Certified Check.

SUBSTITUTION—The varieties you select are always sent unless you grant permission to substitute. If you wish a particular color, rather than a particular variety, many times it is to your advantage to mention the fact, as we may oftentimes improve upon your selection. Therefore, if a substitute is acceptable, be sure to advise us, as otherwise everything is shipped absolutely as ordered.

ORDER EARLY—Orders are filled in rotation. Ordering early will insure the reservation of varieties that later may be sold out, and save you any disappointment.

PACKING—All plants are carefully packed to prevent drying or freezing while in transit. All packing charges are included in catalogue list.

GUARANTEE—We guarantee all nursery stock furnished by us to be first-class and true to name. We exercise the greatest of care to have all our trees and plants true to name, well grown, packed in the very best possible manner and hold ourselves in readiness on proper proof to replace all trees and plants that may accidentally prove untrue to label, free of charge or refund the amount paid.
